You're invited: FP&M Assistant Vice Chancellor of Physical Plant candidate presentations

The person selected by the search and screening committee for this role will lead the Physical Plant department to provide campus services in five distinct areas:

- Campus Renovation Services
- Facilities Management
- Maintenance and Operations
- Services
- Utilities and Energy Management

Final candidates for the Assistant Vice Chancellor of Physical Plant position have been identified, and each candidate will be in town for one full day of interviews. **You are invited to hear from the candidates during in-person public presentations and question-and-answer sessions.** You will have an opportunity to submit feedback on the candidates following the presentations.

Candidate names and resumes will be posted at go.wisc.edu/physical-plant in advance of each session. **In-person participation is strongly encouraged**, but a Teams link will be available the day of the presentation for online attendance as well.

Public presentations will be February 15 and 29 and March 4 at 1:30 p.m. on the second floor of Gordon Dining & Event Center.

Employees may remain in pay status (if the presentation falls during their normal work hours) to attend the sessions with supervisor permission.

There will not be language interpretation at the public presentations, but written statements from each candidate will be translated. Candidates were asked to provide a brief summary of their background, experiences and interest in this position.

Presentation prompt

The candidates have been asked to share:

- Their background, experiences relevant to this role, and interest in this position.
- Their customer service approach and philosophy.
- How they would build and engage the Physical Plant team to align with FP&M strategic goals.
